# CITY OF CHATFIELD, MINNESOTA FINANCIAL SECTION DECEMBER 31, 2017

#### INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Council City of Chatfield, Minnesota

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Chatfield, Minnesota, as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Chatfield, Minnesota, as of December 31, 2017, and the respective changes in financial position and cash flows thereof and the respective budgetary comparison for the General Fund and the major special revenue fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Honorable Mayor and Members of the City Council Page 2

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 15 and the required supplemental information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Report on Summarized Comparative Information

The financial statements include partial prior year comparative information. Such information does not include all of the information required to constitute a presentation in accordance with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunctions with the City's financial statements for the year ended December 31, 2016, from which such partial information was derived.

We have previously audited the City's 2016 financial statements and our report dated March 29, 2017, expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2016, is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Chatfield, Minnesota's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and supplementary information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and supplementary information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Rochester, Minnesota March 14, 2018

Smith, Schafe and associates, Led.

As management of the City of Chatfield, Minnesota, we offer readers of the City of Chatfield, Minnesota's financial statements this narrative overview and analysis of the financial activities of the City of Chatfield, Minnesota for the fiscal year ended December 31, 2017.

### FINANCIAL HIGHLIGHTS

- The assets of the City of Chatfield, Minnesota exceeded its liabilities at the close of the most recent fiscal year by \$20,018,030 (net position). Of this amount, \$3,700,051 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors in accordance with the City's designations and fiscal policies.
- The City's total net position decreased by \$79,825.
- As of the close of the current fiscal year, the City of Chatfield, Minnesota's governmental funds reported combined ending fund balances of \$3,374,112. Approximately \$2,311,372 of this total amount, or 69% is available for use within the City's designations and policies.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$1,079,484 or 54 percent of next year's total general fund property tax levy and local government aid.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as an introduction to the City of Chatfield, Minnesota's basic financial statements. The City of Chatfield, Minnesota's basic financial statements comprise three components:

- 1. Government-wide financial statements, providing information for the City as a whole.
- 2. Fund financial statements, providing detailed information for the City's significant funds.
- 3. Notes to the financial statements, providing additional information that is essential to understanding the government-wide and fund statements.

This report also contains other supplementary information in addition to the basic financial statements themselves. Additional explanation of these sections of the financial statements follows.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Chatfield, Minnesota's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City of Chatfield, Minnesota's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Chatfield, Minnesota is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of the related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned, but not used, compensated absences).

Both of the government-wide financial statements distinguish functions of the City of Chatfield, Minnesota that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Chatfield, Minnesota include general government, public safety, public works, parks and recreation, library and community development. The business-type activities of the City of Chatfield, Minnesota include the water, sewer and garbage utilities. The government-wide financial statements can be found on pages 16-18 of this report.

**Fund financial statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Chatfield, Minnesota, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Chatfield, Minnesota can be divided into two categories: governmental funds and proprietary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Chatfield, Minnesota maintains twenty-three individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the revolving loan federal fund, and the 2010A Refunding Bond fund, which are considered to be major funds. Data from the other twenty governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City of Chatfield, Minnesota adopts an annual appropriated budget for its general fund and special revenue funds. Budgetary comparison statements have been provided for the general fund (pages 23-27) and the special revenue funds (pages 28 and 76-81) to demonstrate compliance with the budget.

The governmental fund financial statements can be found on pages 19 and 21 of this report.

**Proprietary funds.** The City of Chatfield, Minnesota maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Chatfield, Minnesota uses enterprise funds to account for its water, sewer and garbage funds. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City of Chatfield, Minnesota's various functions. The City of Chatfield, Minnesota uses internal service funds to account for certain capital acquisition activities. Because all of these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water, sewer and garbage utilities, all of which are considered to be major funds of the City of Chatfield, Minnesota.

The proprietary fund financial statements can be found on pages 29-34 of this report.

The internal service fund financial statements can be found on pages 82-84 of this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 35-65 of this report.

**Other information.** The combining statements referred to earlier in connection with nonmajor governmental funds can be found on pages 68-75 of this report.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Chatfield, Minnesota, assets exceeded liabilities by \$20,018,030 at the close of the most recent fiscal year.

The largest portion of the City of Chatfield, Minnesota's net position (\$14,773,616) reflects its investment in capital assets (e.g. land, buildings, vehicles, and equipment), less any related debt used to acquire those assets that are still outstanding. The City of Chatfield, Minnesota uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City of Chatfield, Minnesota's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

#### City of Chatfield, Minnesota Net Position

| Unrestricted                     | 2,593,426     | 2,046,129     | 1,106,625    | 520,213      | 3,700,051     | 2,566,342     |
| Total net position               | \$ 14,957,427 | \$ 14,862,368 | \$ 5,060,603 | \$ 5,235,487 | \$ 20,018,030 | \$ 20,097,855 |

The balance of *unrestricted net position* (\$3,700,051) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City of Chatfield, Minnesota is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its business-type activities.

**Governmental activities.** Governmental activities increased the City of Chatfield, Minnesota's net position by \$95,059.

**Business-type activities.** Business-type activities decreased the City of Chatfield, Minnesota's net position by \$174,884.

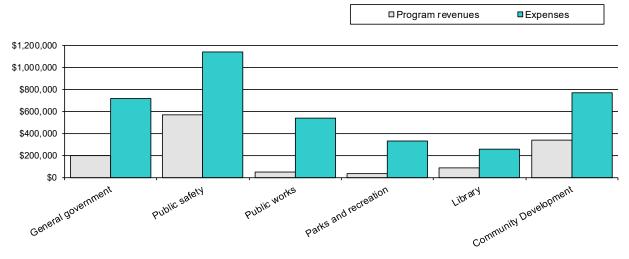

A condensed version of the Statement of Activities follows:

### City of Chatfield, Minnesota Change in Net Position

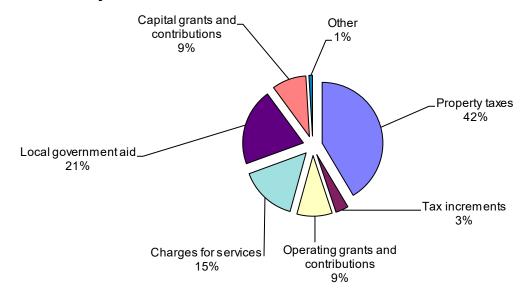

|   | Governmental  |               | Busines      | s-Type       |               |               |

Below are specific graphs that provide comparisons of the governmental activities direct program revenues with their expenses. Any shortfalls in direct revenues are primarily supported by property tax levy or general state aid.

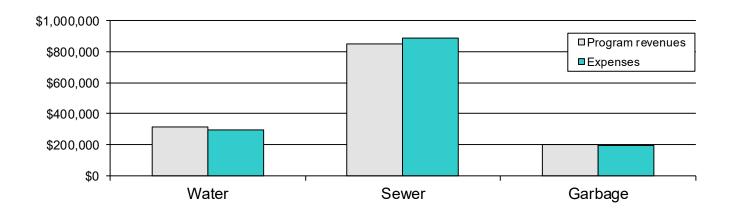

## **Revenues by Source - Governmental Activities**

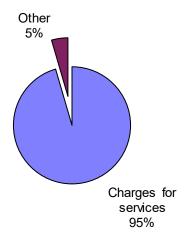

The following graphs relate the various business-type activities' program revenues with their expenses. Since all of these activities require significant physical assets to operate, any excess revenues are held for planned capital expenses to keep pace with growing demand for services.

#### **FUND BASIS FINANCIAL ANALYSIS**

As noted earlier, the City of Chatfield, Minnesota uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the City of Chatfield, Minnesota's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City of Chatfield, Minnesota's financing requirements. In particular, *unassigned* and *assigned* fund balance may serve as a useful measure of a city's net resources available for spending at the end of the fiscal year.

Fund balance is classified as non-spendable, restricted, committed, assigned or unassigned according to the following definitions:

Nonspendable – representing that portion of fund balance that is not in a spendable form. Included in this category are advances to other funds, prepaid items and inventory.

Restricted – reports resources that have external constraints placed upon their use.

Committed – reports those resources for a specific purpose by Council action. The constraints cannot be changed or removed without Council action.

Assigned – represents the portion of fund balance that reflects the amounts the City intends to use for a specific purpose. The Council has authorized the City Administrator to assign fund balance.

Unassigned – comparable to the old unreserved, undesignated classification of fund balance, this represents the amount available for any purpose. However, only the General Fund may report a positive fund balance. Fund balance in other governmental funds will fall into one or more of the categories listed above, unless a fund has a negative fund balance.

Detailed information regarding the fund balance classifications are found in Note 5 in the Notes to Financial Statements.

At of the end of the current fiscal year, the City of Chatfield, Minnesota's governmental funds reported combined ending fund balances of \$3,374,112, a decrease of \$369,669. This decrease is the result of a variety of factors. The primary reason for this decrease is a transfer of \$870,000 from the 2016A Advanced Refunding Bond Fund to pay off the balance of the 2010A and 2011A debt service funds, completing a refunding process that has lowered the City's interest cost.

Approximately 69% of this total amount, or \$2,311,372, constitutes *unrestricted fund balance*, which is available for spending at the government's discretion. The remainder of this fund balance is *restricted* to indicate that it is not available for new spending because it has already been set aside 1) to liquidate contracts and purchase orders of the prior period, 2) to repay interfund advances or other debt, or 3) to fund specific capital projects or programs as obligated by statute or other regulation.

### Governmental funds (continued).

The general fund is the chief operating fund of the City of Chatfield, Minnesota. At the end of the current fiscal year, unassigned fund balance of the general fund was \$1,079,484. As a measure of the general fund's liquidity, it may be useful to compare unreserved fund balance to next year's general fund tax and aid.

Unassigned fund balance represents 54 percent of next year's total general fund property tax levy and local government aid.

The City of Chatfield, Minnesota has planned and implemented procedures to ensure that its general fund balance is at a level that meets its cash flow needs on a regular basis. That has been accomplished and a management tool is in place to ensure this into the future. In terms of the other governmental funds, similar management practices are in place and are designed to recognize the special nuances that might apply to funds that are more specific in nature than is the General Fund.

**Proprietary funds.** The City of Chatfield, Minnesota's proprietary funds statements found on pages 29-34 provide the same type of information found in the government-wide financial statements, but in more detail.

The unrestricted net position in the respective proprietary funds are Water - \$475,437, Sewer - \$568,241, and Garbage - \$62,947.

The City's Water Fund had been building cash for a number of years, in anticipation of substantial improvements. In 2008 – 2009, the City constructed a water tower, a booster station and new water main. Since those improvements were made in conjunction with a tax abatement project with Fillmore County, debt was issued and the cash balance in the Water Fund will be used to help service that debt.

Water and Sanitary Sewer rates were not increased in 2017, due to the installation of new water meters. Because the water meters are more efficient than the meters being replaced, it was anticipated that this efficiency would increase water and sewer revenues. While a great deal of efficiency was obtained by installing these new meters, revenues did not increase. In 2018, water and sewer rates will be increased on a pre-planned schedule that was implemented several years ago. In order to minimize sewer rate increases and avoid the prospect of rates that are higher than necessary at the time this debt is retired, the City has pledged general fund support for the next several years. To that end, in 2016, \$115,000 was transferred from the General Fund to the wastewater treatment plant debt service fund and the City plans additional transfers in years 2017-2022, which are already included in its long term budget. The wastewater treatment plant is capable of accommodating significant growth in the community.

The City's Garbage Fund is very different from the other Enterprise Funds in that the City does not physically deliver the services associated with that Fund. The City has administered an "organized collection" system for approximately twenty years and, as part of that administration, performs the billing, collecting and other administration of the service. In return for those services, the City receives payments that are meant to cover the cost of billing, collecting and general administration. Additionally, the City uses those funds to pay for the spring clean-up that it annually sponsors and the household hazardous waste collection that it sponsors each September. Recycling fees increased in 2017, which was the first rate increase since 2010. The rate change was necessary to accommodate an increase in the frequency of collecting recycling materials from a twice a month schedule to a weekly pick up schedule.

## **General Fund Budgetary Highlights**

The primary cause of the increase in the general fund balance was a payment from FEMA in the amount of \$53,897 for work that was completed previously.

## Capital Asset and Debt Administration

**Capital assets.** The City of Chatfield, Minnesota's investment in capital assets for its governmental and business-type activities as of December 31, 2017, amounts to \$24,648,485 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, machinery and equipment, vehicles, furniture and fixtures, wastewater treatment facility, park facilities, roads, and bridges. The total decrease in the City of Chatfield, Minnesota's reported capital assets, net of depreciation, for the current fiscal year was \$510,212.

The City of Chatfield, Minnesota's total long-term liabilities decreased by \$1,978,312 during the current fiscal year. A more detailed breakdown of these obligations can be found in Note 3F, beginning on page 52.

The City of Chatfield, Minnesota maintains an AA Stable bond rating on its general obligation bonds from Standard & Poors.

## **Economic Factors and Next Year's Budgets and Rates**

The City of Chatfield enjoys a diverse economy and is situated in one of the healthiest economic regions of Minnesota. Within the City of Chatfield are two of the larger employers in Fillmore County, one of them being a manufacturer in the wood products industry and the other being a manufacturer in the composites industry. A steel fabrication company has also grown to over 70 employees. These companies, along with the strong employment base at the Chosen Valley Care Center, the Chatfield Public Schools, and the many other employers in Chatfield accommodate a strong financial base for the community. In fact, according to census data, there is an almost equal number of people who travel into Chatfield for work each day compared to those who leave Chatfield for work elsewhere. According to the statistics, while 1,102 people leave Chatfield for work each day, there is another 1,008 people who come into Chatfield to work every day, which is a strong sign of health for a community the size of Chatfield. The rest of the Chatfield economy is balanced between the health care, agriculture, tourism, retail, education, and the services industries.

A recent announcement made by the largest private employer in Minnesota, Mayo Clinic, is setting the stage for long term growth for all of southeast Minnesota, including Chatfield. Located just twenty minutes away, Mayo announced plans to invest \$6.5 billion dollars in physical improvements and to create 30,000 new employee positions within the next fifteen to twenty years. To leverage these opportunities, a regional "Journey To Growth" plan has been developed, in which Chatfield will participate.

In addition to the robust health care industry, the high-technology industry is well established in the area while the bio-technology industry and the education field both represent emerging industries that are attracting new employees and residents to the area.

Chatfield is well positioned to participate in the economic recovery that has taken root. According to building permit records, the City issued permits for a total of just over \$15.0 million dollars in construction activity, \$5.1 million of which was residential and \$10 million of commercial construction, most of which were public school buildings. This comes on the heels of \$5 million of construction in 2017, a strong showing after \$7 million in total construction in 2016. Permits for nineteen new homes were issued in Chatfield in 2017.

Tax rates, garbage fees, and water rates should remain stable for the foreseeable future. Increases in those rates are expected to be incremental and consistent with the projections that have been made in previous years.

In addition to the well diversified economy of the region, Chatfield has public infrastructure that is capable of serving a larger residential base. The wastewater treatment facility is relatively new and is capable of handling a much larger population than exists today. Similarly, the City's wells, and the aquifer itself, are capable of servicing a larger population and the City's water storage facilities hold three to four days- worth of water, more capability than standard. The recently constructed elementary school, along with remodeled high school, provides a solid educational element to the community and solidifies Chatfield's competitive place in the educational realm.

## **Economic Factors and Next Year's Budgets and Rates (Continued)**

At the same time, the private sector is well positioned to positively affect the growth of the community. From a very fundamental perspective, the community has residential lots available for new housing, lots which are offered in a variety of locations at a variety of price points. In addition, the Chatfield resident enjoys retail, professional and personal services of all kinds without needing to leave the city boundaries. Whether the resident is looking for grocery, liquor, dining, banking, medical, pharmaceutical, legal or many other personal and professional services, those needs can be filled within the community and for those who are looking for a broader selection, it is within a short twenty minute drive.

In addition to the jobs and economic factors that are enjoyed locally, residents have easy access to transportation services. U.S. Highway 52 and Minnesota Highways 30/74 provide the primary service to residents while the Interstate Highway system is just ten miles away. Passenger and freight rail is within a forty minute drive and an international airport is within twenty-five minutes. On a more personal level, four commuter buses take local residents to their workplace in Rochester each day, making Chatfield a convenient place to live.

The vibrant nature of the city is reflected in the results of the Inflow-Outflow Analysis of workers. This reports that, while approximately 1,102 residents leave Chatfield for work on a routine basis, almost 1,008 other people travel to Chatfield for work on a daily basis. Of the nineteen cities closest to Rochester, including Rochester, Chatfield ranks fifth among them in terms of jobs per capita.

The City's proclivity to long term planning, together with the economic health of the area, the beauty and all that is offered by the natural environment, and the full service nature of public and private sector services that are available, has this community well positioned to continue to thrive in the future.

### **Requests for Information**

This financial report is designed to provide a general overview of the City of Chatfield, Minnesota's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the City Clerk, City Hall, 21 Second Street SE, Chatfield, MN 55923 or iyoung@ci.chatfield.mn.us.

Governmental Activities-

## CITY OF CHATFIELD, MINNESOTA NOTES TO THE FINANCIAL STATEMENTS

#### NOTES TO THE FINANCIAL STATEMENTS

#### 1. Summary of Significant Accounting Policies

The City of Chatfield, Minnesota was incorporated in 1857 and operates under a Mayor-Council form of government. The governing body is the City Council which consists of five elected Council Members and a Mayor.

The accounting policies of the City of Chatfield, Minnesota, conform to generally accepted accounting principles applicable to governmental units. The following is a summary of the more significant accounting policies:

#### A. Reporting Entity

In accordance with Statement No. 14 of the Governmental Accounting Standards Board, <u>The Financial Reporting Entity</u>, the City's financial statements include the primary government and the component units of the City of Chatfield, Minnesota, defined as follows:

*Primary Government* - Includes all funds, organizations, institutions, agencies, departments, or offices which are not legally separate from the City of Chatfield, Minnesota.

Component Units - Component units are legally separate organizations for which the elected officials of the City of Chatfield, Minnesota are financially accountable or for which the nature or significance of their relationship with the City of Chatfield, Minnesota would cause the general purpose financial statements to be misleading or incomplete. Because its sole purpose is to encourage future development within the City, the City of Chatfield Economic Development Authority (EDA), has been reported as a blended component unit in the financial statements of the City of Chatfield, Minnesota.

*Excluded* – Fire Relief Association – This association is organized as a nonprofit organization by their members to provide pension and other benefits to such members in accordance with Minnesota statutes. Their board of directors are appointed by the membership of the organization. All funding is conducted in accordance with Minnesota statutes, whereby state aids flow to the association, tax levies are determined by the association and are only reviewed by the City, and the associations pay benefits directly to their members.

#### B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 1. Summary of Significant Accounting Policies (Continued)

#### B. <u>Government-wide and Fund Financial Statements (Continued)</u>

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and all enterprise funds are reported as separate columns in the fund financial statements.

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, licenses and permits, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 1. Summary of Significant Accounting Policies (Continued)

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Non-exchange transaction, in which the City receives value without directly giving equal value in return, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the tax is levied. Revenue from grants and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year in when the resources are required to be used or the year when use is first permitted; matching requirements, in which the City must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it is recognized.

Unearned revenue is recorded when assets are recognized before revenue recognition criteria have been satisfied. Grants received before eligibility requirements other than time requirements are met are recorded as unearned revenue. Grants received before time requirements are met are recorded as a deferred inflow of resources.

The City reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

The *revolving loan fund federal* account for the disbursements and collection of federal funds under the City's revolving loan program.

The 2010A refunding bond fund accounts for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources.

The major proprietary funds are the water, sewer, water infrastructure, sewer infrastructure, and garbage funds.

The *Capital Goods fund* is an internal service fund that accounts for capital asset purchases provided to other departments on a cost reimbursement basis.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 1. Summary of Significant Accounting Policies (Continued)

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's enterprise funds and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes. Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

#### D. Assets, Liabilities, Deferred Inflows of Resources and Net Position

#### Cash and Investments

Except where otherwise required, the City maintains all deposits in accounts in the name of the City. The deposits are invested on a short-term basis with interest income allocated to each fund based upon their relative account balance. The balances shown in each fund represents an equity interest in the commingled pool of cash and investments which is under the management of the City. Temporary cash investments are stated at cost, which approximates market.

#### Interfund Transactions

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans).

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 1. Summary of Significant Accounting Policies (Continued)

#### D. Assets, Liabilities, Deferred Inflows of Resources and Net Position (Continued)

#### Property Taxes

Property tax levies are set by the City Council in December each year and are certified to Fillmore and Olmsted Counties for collection in the following year. In Minnesota, counties act as collection agents for all property taxes.

The county spreads all levies over taxable property. Such taxes become a lien on January 1 and are recorded as receivables by the City at that date. Revenues are recognized in the year collectible, net of delinquencies.

Real property taxes may be paid by taxpayers in two equal installments, on May 15 and October 15. Personal property taxes may be paid on February 28 and June 30. The counties provide tax settlements to cities and other taxing districts four times a year in January, June, November, and December.

Taxes which remain unpaid at December 31 are classified as delinquent taxes receivable, and are fully offset by deferred inflow of resources in the fund financial statements because they are not known to be available to finance current expenditures. These offsetting balances are not reflected in the financial statements because of their non-effect on current year operations.

Special assessments outstanding at December 31, 2017 are recognized as revenue only when received. The receivable balances in the fund financial statements are offset entirely by deferred inflow of resources until collected by the county. These offsetting balances are also not reflected in the financial statements.

#### Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$2,500. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed, net of interest earned on the invested debt proceeds over the same period.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 1. Summary of Significant Accounting Policies (Continued)

#### D. Assets, Liabilities, Deferred Inflows of Resources and Net Position (Continued)

#### Capital Assets (Continued)

Property, plant and equipment are capitalized when acquired, and depreciation is provided using the straight-line method applied over the following estimated useful lives of the assets.

|                               | Useful Life     |
|-------------------------------|-----------------|
|                               | <u>in Years</u> |
| Buildings                     | 10 - 30         |
| Infrastructure                | 20 - 40         |
| Wastewater Treatment Facility | 20 - 40         |
| Vehicles                      | 5 - 10          |
| Furniture and Fixtures        | 5 - 12          |
| Machinery and Equipment       | 10 - 25         |

#### Compensated Absences

Vacation and sick pay are accrued when earned in the government-wide financial statements and the proprietary fund types. In the Governmental Funds of the fund financial statements, vacation and sick pay are recorded as expenditures and accrued as a current liability only if they have matured, for example, as a result of employee's resignations and retirements.

#### Long-Term Obligations

Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. Long-term liabilities expected to be financed from enterprise fund operations are accounted for in those funds.

#### Concentration of Credit Risk

Financial instruments which expose the City to a concentration of credit risk consist primarily of cash investments and accounts and notes receivable. The City's accounts and notes receivable are concentrated geographically, as for the most part, amounts are due from individuals residing in and businesses located in the City of Chatfield, Minnesota.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 1. Summary of Significant Accounting Policies (Continued)

#### D. Assets, Liabilities, Deferred Inflows of Resources and Net Position (Continued)

#### Net position / Fund Balance

In the government-wide and proprietary financial statements, net position are classified in the following categories:

<u>Net investment in capital assets</u> – This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt attributed to the acquisition, construction, or improvement of the assets.

<u>Restricted Net position</u> – This amount is restricted by external creditors, grantors, contributors, laws or regulations of other governments.

<u>Unrestricted Net position</u> – This amount is all net position that do not meet the definition of "net investment in capital assets" or "restricted net position."

In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Governmental Fund Type Definitions, the City classifies governmental fund balances as follows:

<u>Non-spendable</u> – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual restraints.

<u>Restricted</u> – This amount is restricted by external creditors, grantors, contributors, laws or regulations of other governments.

<u>Committed</u> – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the City Council through formal action and remain binding unless removed by the City Council by subsequent formal action.

<u>Assigned</u> – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. The City Council, by majority vote, may assigned fund balances to be used for specific purposes when appropriate. The council also delegates the power to assign fund balances to the city administrator.

<u>Unassigned</u> – includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 1. Summary of Significant Accounting Policies (Continued)

#### D. Assets, Liabilities, Deferred Inflows of Resources and Net Position (Continued)

#### Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due payable in accordance with the benefit terms. Investments are reported at fair value.

#### Comparative Data

Comparative data for the prior year has been presented in certain of the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. However, complete comparative data has not been presented since their inclusion would not provide meaningful comparisons. Certain amounts in the prior year totals column have been reclassified to conform with the current year presentation.

#### Deferred Outflows of Resources

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The City has one type of deferred outflow which is pension related and reported on the statement of net position.

#### Deferred Inflows of Resources

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City recognized two types of deferred inflows. The first type occurs because governmental fund revenues are not recognized until available under the modified accrual basis of accounting. The second type is pension related and reported on the statement of net position.

#### 2. Stewardship, Compliance, and Accountability

#### A. Budgetary Information

Each fall, the City Council adopts an annual budget for the following year. The budgets are, in all material respects, prepared on the same basis of accounting used to prepare the financial statements. Budgeted amounts for the General and Major Special Revenue Funds have been presented in the financial statements.

Spending control for City monies is at the fund level, but management control is exercised at budgetary line item level within each fund. The City Council may amend the budget after it is approved using the same procedures necessary to approve the original budget. The budgetary data presented represents the approved budget as amended. All annual appropriations lapse at year-end.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 3. Detailed Notes on All Funds (Continued)

#### Investments Authorized by Minnesota Statues

The City is authorized by Minnesota Statues to invest idle funds as follows:

- a) Direct obligations or obligations guaranteed by the United States or its agencies.
- b) Shares of investment companies registered under the Federal Investment Company Act of 1940 and whose only investments are in securities described in (a) above.
- c) General obligations of the State of Minnesota or its municipalities.
- d) Bankers acceptances of United States banks eligible for purchase by the Federal Reserve System.
- e) Commercial paper issued by United States corporations or their Canadian subsidiaries, of the highest quality, and maturing in 270 days or less.
- f) Repurchase agreements with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a reporting dealer in to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.
- g) Money market funds with institutions that have portfolios consisting exclusively of United States Treasury obligations and Federal Agency issues.

#### Collateralization of Cash Deposits

The City's deposits are entirely covered by federal depository insurance or by collateral held by the City's custodial bank in the City's name.

Minnesota Statues require that all City deposits be insured, secured by surety bonds or be collateralized. Except for notes secured by first mortgages of future maturity, the market value of collateral pledged by the custodial bank must equal 110% of the deposits not covered by insurance or surety bonds.

Authorized collateral includes certain state of local government obligations and legal investments. Minnesota Statues also require that securities pledged as collateral be held in safekeeping by the Treasurer, or in a financial institution other than the institution furnishing the collateral.

#### Interest Rate Risk

The City has a formal investment policy that limits investment maturities to ten years unless the investments can be matched with anticipated cash flow requirements.

#### Credit Risk

The City has a formal investment policy that aims to minimize credit risk by limiting its investment choices to specific types of investments, pre-qualifying financial institutions, and diversifying the investment portfolio.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 3. Detailed Notes on All Funds (Continued)

#### A. Summary of Cash and Investments (Continued)

#### Concentration of Credit Risk

The City places no limit on the amount the City may invest in any one issuer. Investments that are more than 5 percent of the City's total investments are as follows:

| Investments           | Ratings | of Total |
|-----------------------|---------|----------|
| U.S. government bonds | AAA     | 9%       |
| Municipal bonds       | AA2     | 7%       |
| U.S. treasury note    | N/A     | 46%      |

#### Fair Value Measurements

Fair value measurements are determined utilizing the framework established by the Governmental Accounting Standards Board. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the City has the ability to access.
- Level 2: Inputs to the valuation methodology include:
  - o Quoted prices for similar assets or liabilities in active markets
  - o Quoted prices for identical assets or liabilities in inactive markets
  - o Inputs other than quoted prices that are observable for the asset or liability
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability

• Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

#### C. Notes Receivable

The City of Chatfield, Minnesota entered into a Grant Agreement with the Minnesota Department of Trade and Economic Development dated October 7, 1996, for which \$115,000 in Economic Recovery Funds (ERF Funds) were received in 1997 and loaned to an enterprise within the City to help finance a recovery/expansion project.

The City of Chatfield, Minnesota entered into a Grant Agreement with the Minnesota Department of Employment and Economic Development dated June 30, 2008, for which \$511,088 in Flood Recovery Funds were received and loaned to an enterprise within the City. During 2008, the City loaned Bernard Bus \$511,088 at 2% interest to help with flood recovery costs. The amount forgiven will be \$339,223 if the company continues to maintain operations in the City of Chatfield until June 30, 2018.

The City of Chatfield, Minnesota entered into a Grant Agreement with the Minnesota Department of Employment and Economic Development dated December 20, 2013, for which \$408,000 in Minnesota Investment Fund (MIF) funds were received in 2014 and loaned to an enterprise within the City to help finance an expansion project. The loan is repayable at 1% interest over a period of 15 years and is subject to job creation and wage requirements as documented by the loan agreement.

Repayment of the notes, together with interest is to be used to establish and maintain a Revolving Loan Fund to further future economic development in the City of Chatfield, Minnesota.

The City of Chatfield, Minnesota has the following notes receivable outstanding as of December 31, 2017:

|                       | Date of<br>Loan | Initial Loan Amount |        | Interest<br>Rate | Term     | Balance<br>12/31/17 |

#### 2012 GO Crossover Refunding Bond

Fillmore County and Independent School District #227 have agreed to a tax abatement plan that provides funding to assist in the repayment of the 2012 GO Crossover Refunding Bond. The county has agreed to abate \$1,100,000 and the school district will abate \$454,000 of future property tax revenues generated by the project.

The annual requirements to amortize all long-term debt outstanding as of December 31, 2017, over the life of the debt, are summarized below:

#### Conduit Debt Obligations

To provide for previous bond refunding and construction of improvements and the acquisition and installation of equipment by Chosen Valley Care Center, Inc. (a non-profit corporation), the City of Chatfield, Minnesota issued \$3,640,806 of Healthcare and Housing Facilities Revenue Loan Participation Notes dated August 1, 2005. These notes are special limited obligations of the City, payable solely from income sources of the non-profit corporation. The notes do not constitute a debt or pledge of the faith and credit of the City, and accordingly have not been reported in the accompanying financial statements. At December 31, 2017, remaining notes outstanding totaled \$2,437,589.

To provide financing for phase II improvements to Olmsted Medical Center, (a non-profit corporation), the City of Chatfield, Minnesota issued \$2,600,000 of Health Care Facilities Revenue Note dated April 1, 2006. These notes are special limited obligations of the City, payable solely from income sources of the non-profit corporation. The notes do not constitute a debt or pledge of the faith and credit of the City, and accordingly have not been reported in the accompanying financial statements. At December 31, 2017, remaining notes outstanding totaled \$796,141.

#### 4. Defined Benefit Pension Plans - Statewide

#### Plan Description

The City participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota Statutes*, Chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401 (a) of the Internal Revenue Code.

#### 1. General Employees Retirement Fund

All full-time and certain part-time employees of the City of Chatfield, Minnesota are covered by the General Employees Plan. General Employees Plan members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. The Basic Plan was closed to new members in 1967. All new members must participate in the Coordinated Plan.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 4. Defined Benefit Pension Plans – Statewide (Continued)

#### Plan Description (Continued)

#### 2. Public Employees Police and Fire Plan

The Police and Fire Plan, originally established for police officers and firefighters not covered by a local relief association, now covers all police officers and firefighters hired since 1980. Effective July 1, 1999 the Police and Fire Plan also covers police officers and firefighters belonging to local relief associations that elected to merge with and transfer assets and administration to PERA.

#### Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature.

Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. Members in plans that are at least 90 percent funded for two consecutive years are given 2.5 percent increases. Members in plans that have not exceeded 90 percent funded, or have fallen below 80 percent, are given one percent increases.

The benefit provisions stated in the following paragraphs of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

#### 1. General Employees Plan Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated and Basic Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2 percent of average salary for each of the first ten years of service and 2.7 percent for each remaining year. The annuity accrual rate for a Coordinated Plan member is 1.2 percent of average salary for each of the first ten years and 1.7 percent for each remaining year. Under Method 2, the annuity accrual rate is 2.7 percent of average salary for Basic Plan members and 1.7 percent for Coordinated Plan members for each year of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 4. Defined Benefit Pension Plans – Statewide (Continued)

#### 2. Police and Fire Plan Benefits

Benefits for Police and Fire Plan members first hired after June 30, 2010, but before July 1, 2014, vest on a prorated basis from 50 percent after five years up to 100 percent after ten years of credited service. Benefits for Police and Fire Plan members first hired after June 30, 2014, vest on a prorated basis from 50 percent after ten years up to 100 percent after twenty years of credited service. The annuity accrual rate is 3 percent of average salary for each year of service. For Police and Fire Plan members who were first hired prior to July 1, 1989 a full annuity is available when age plus years of service equal at least 90.

#### **Contributions**

*Minnesota Statutes* Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

#### 1. General Employees Fund Contributions

Basic Plan members and Coordinated Plan members were required to contribute 9.1 percent and 6.50 percent, respectively, of their annual covered salary in calendar year 2017. The City was required to contribute 11.78 percent of pay for Basic Plan members and 7.50 percent for Coordinated Plan members in calendar year 2017. The City's contributions to the General Employees Fund for the year ended December 31, 2017, were \$54,824. The City's contributions were equal to the required contributions as set by state statute.

#### 2. Police and Fire Fund Contributions

Plan members were required to contribute 10.8 percent of their annual covered salary in calendar year 2017. The City was required to contribute 16.20 percent of pay for members in calendar year 2017. The City's contributions to the Police and Fire Fund for the year ended December 31, 2017, were \$46,269. The City's contributions were equal to the required contributions as set by state statute.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 4. Defined Benefit Pension Plans – Statewide (Continued)

#### Pension Costs

#### 1. General Employees Fund Pension Costs

At December 31, 2017, the City reported a liability of \$721,385 for its proportionate share of the General Employees Fund's net pension liability. The City's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$6 million to the fund in 2017. The State of Minnesota is considered a non-employer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the City totaled \$9,108. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2016, through June 30, 2017, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2017, the City's proportion share was 0.0113 percent which was a decrease of 0.0005 percent from its proportion measured as of June 30, 2016.

For the year ended December 31, 2017, the City recognized pension expense of \$19,441 for its proportionate share of the General Employees Plan's pension expense. In addition, the City recognized an additional \$263 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$6 million to the General Employees Fund.

At December 31, 2017, the City reported its proportionate share of the General Employees Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  | Ou | eferred<br>tflows of<br>sources | Deferred<br>Inflows of<br>Resources |        |  |
|--|----|---------------------------------|-------------------------------------|--------|--|
| Differences between expected and actual economic experience<br>Changes in actuarial assumptions<br>Difference between projected and actual investment earnings | \$ | 52,741<br>9,304                 | \$                                  | 24,335 |  |
| Changes in proportion Contributions paid to PERA subsequent to the measurement date  |    | 31,518                          |                                     | 31,826 |  |
| Total  | \$ | 93,563                          | \$                                  | 56,161 |  |

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 4. Defined Benefit Pension Plans – Statewide (Continued)

\$31,518 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date which will be recognized as a reduction of the net pension liability during the year ended December 31, 2018. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

|                      | Р  | ension   |
|----------------------|----|----------|
|                      | Е  | xpense   |
| Year ending June 30: |    | mount    |
| 2018                 | \$ | 18,589   |
| 2019                 |    | 40,261   |
| 2020                 |    | (22,345) |
| 2021                 |    | (30,621) |

#### 2. Police and Fire Fund Pension Costs

At December 31, 2017 the City reported a liability of \$405,036 for its proportionate share of the Police and Fire Fund's net pension liability. The net pension liability was measured as of June 30, 2017 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2016, through June 30, 2017 relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2017 the City's proportion was 0.030 percent which did not change from its proportion measured as of June 30, 2016. The City also recognized \$2,700 for the year ended December 31, 2017 as revenue and an offsetting reduction of net pension liability for its proportionate share of the State of Minnesota's on-behalf contributions to the Police and Fire Fund. Legislation passed in 2013 required the State of Minnesota to begin contributing \$9 million to the Police and Fire Fund each year, starting in fiscal year 2014.

For the year ended December 31, 2017 the City recognized pension expense of \$(52,067) for its proportionate share of the Police and Fire Plan's pension expense.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 4. Defined Benefit Pension Plans – Statewide (Continued)

At December 31, 2017 the City reported its proportionate share of the Police and Fire Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  | Deferred Outflows of Resources | Inflows | eferred<br>flows of<br>sources |  |
|--|--------------------------------|---------|--------------------------------|--|
| Differences between expected and actual economic experience Changes in actuarial assumptions Difference between projected and actual investment earnings | \$<br>5,562                    | 43      | ,131<br>,732                   |  |
| Changes in proportion Contributions paid to PERA subsequent to the measurement date Total  | 25,646<br>\$ 31,208            |         | ,801<br>,664                   |  |

\$25,646 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date which will be recognized as a reduction of the net pension liability in the year ended December 31, 2018. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

|                      | F  | Pension   |
|----------------------|----|-----------|
|                      | E  | Expense   |
| Year ending June 30: |    | Amount    |
| 2018                 | \$ | 3,436     |
| 2019                 |    | 3,434     |
| 2020                 |    | (11,410)  |
| 2021                 |    | (31,557)  |
| 2022                 |    | (110,005) |

#### Aggregate Pension Costs

Pension expense recognized by the City for the year ended December 31, 2017 is as follows:

| GERF  | \$19,441          |
|-------|-------------------|
| PEPFF | <u>(52,067)</u>   |
| Total | <u>\$(32,626)</u> |

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 4. Defined Benefit Pension Plans – Statewide (Continued)

#### Actuarial Assumptions

The total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions:

Inflation 2.50% Per year Active Member Payroll Growth 3.25% Per year

Investment Rate of Return 7.50%

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors and disabilitants were based on RP 2014 tables for all plans for males or females, as appropriate, with slight adjustments to fit PERA's experience. Cost of living benefit increases for retirees are assumed to be one percent per year for the General Employees Plan through 2044 and Police and Fire Plan through 2064 and the 2.5 percent thereafter for both plans.

Actuarial assumptions used in the June 30, 2017 valuation were based on the results of actuarial experience studies. The most recent four-year experience study in the General Employees Plan was completed in 2016. The most recent five-year experience study for Police and Fire Plan was completed in 2016.

The following changes in actuarial assumptions occurred in 2017:

#### General Employees Fund

- The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability and 3.0 percent for non-vested deferred member liability.
- The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.

#### Police and Fire Fund

- Assumed salary increases were changed as recommended in the June 30, 2016 experience study. The net effect is proposed rates that average 0.34 percent lower than the previous rates.
- Assumed rates of retirement were changed, resulting in fewer retirements.
- The Combined Service Annuity (CSA) load was 30 percent for vested and non-vested deferred members. The CSA has been changed to 33 percent for vested members and 2 percent for nonvested members.
- The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality tables assumed for healthy retirees.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 4. Defined Benefit Pension Plans – Statewide (Continued)

Police and Fire Fund (continued)

- Assumed termination rates were decreased to 3.0 percent for the first three years of service.
   Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall.
- Assumed percentage of married female members was decreased from 65 percent to 60 percent.
- Assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females.
- The assumed percentage of female members electing Joint and Survivor annuities was increased.
- The assumed post-retirement benefit increase rate was changed from 1.00 percent for all years to 1.00 percent per year through 2064 and 2.50 percent thereafter.

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

|                      |              | Long Term            |
|----------------------|--------------|----------------------|
|                      | Target       | <b>Expected Real</b> |
| Asset Class          | _Allocation_ | Rate of Return       |
|                      |              |                      |
| Domestic Stocks      | 39%          | 5.10%                |
| International Stocks | 19%          | 5.30%                |
| Bonds                | 20%          | 0.75%                |
| Alternative Assets   | 20%          | 5.90%                |
| Cash                 | 2%           | 0.00%                |
| Total                | 100%         |                      |
|                      |              |                      |

#### Discount Rate

The discount rate used to measure the total pension liability in 2017 was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at the rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the General Employees Fund and the Police and Fire Fund was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 4. Defined Benefit Pension Plans – Statewide (Continued)

#### Pension Liability Sensitivity

The following presents the City's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

|  | <br>Decrease in scount Rate (6.50%) | Dis | scount Rate<br>(7.50%) | 1% Increase in<br>Discount Rate<br>(8.50%) |         |  |
|--|-------------------------------------|-----|------------------------|--|---------|--|
| City's proportionate share of the GERF net pension liability City's proportionate share of the | \$<br>1,118,921                     | \$  | 721,385                | \$   | 395,929 |  |
| PEPFF net pension liability  | <br>762,800                         |     | 405,036                |  | 109,681 |  |
| Total Net Pension Liability  | \$<br>1,881,721                     | \$  | 1,126,421              | \$   | 505,610 |  |

#### Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

#### 4. Defined Benefit Pension Plans – Statewide (Continued)

#### Defined Benefit Pension Plan – Fire Department Relief Association

The Chatfield Fire Department Relief Association has not had an actuarial study performed. The Association believes the funding status determined using the calculation required by the Minnesota State Auditor is sufficient to determine the reportable amounts under GASB No. 68, *Accounting and Financial Reporting for Pensions*.

#### Plan Description

The City contributes to the Chatfield Fire Department Relief Association ("Association"), a single employer public employee retirement system that acts as a common investment and administrator for the City's firefighters.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 4. Defined Benefit Pension Plans – Statewide (Continued)

#### Plan Description (Continued)

Volunteer firefighters of the City are members of the Chatfield Fire Department Relief Association. Association members are eligible to receive a lump sum pension benefit of \$1,600 per person per year of service after reaching a minimum retirement age of 50 and at least 20 years of service with 5 years of membership in the association. Association members are eligible to receive partial pension benefits for service of 5 years with 5 years of membership in the association. These benefit provisions are consistent with enabling State statutes. Volunteers of the department are not required to contribute to the relief association. The City levies property taxes at the direction of and for the benefit of the fire relief association and passes through state aids allocated to the plan, all in accordance with enabling state statutes. During 2017, at the Association direction, the City did not levy any property taxes to be paid to the Association.

#### Funding Status and Progress

At December 31, 2017 (most current information available) the Association funding status is as follows:

| Total plan assets                  | \$<br>380,165 |
|------------------------------------|---------------|
| Total accrued liability            | <br>(263,767) |
| Excess (Deficiency) of Plan Assets |               |
| over Accrued Liability             | \$<br>116,398 |

#### Contributions Required and Contributions Made

Financial requirements of the Association are determined on a computation based on member years of service. The City's minimum obligation is the financial requirement for the year less Association investment earnings and State aids. The funding strategy should provide sufficient resources to pay relief association benefits on a timely basis. The City was not obligated to make a contribution in 2017.

The computation of the pension contribution requirements for 2017 was based on the same assumptions, benefit provision, lump sum funding method, and other significant factors used to determine pension contributions requirements in previous years.

#### 5. Risk Management

The City is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City carries insurance for liability, property, and automotive insurance through the League of Minnesota Cities Insurance Trust (LMCIT). The City provides employee health insurance through a private insurance carrier.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### 5. Risk Management (Continued)

Settled claims resulting from these risks have not exceeded the insurance coverage in any of the past three years. There were no reductions in insurance coverage in 2017.

The City participates in a group workers' compensation plan of the LMCIT, which is a public entity risk pool currently operating as a common risk management and insurance program for member Minnesota Cities. All cities participating in the plan are jointly and severally liable for all claims and expenses of the plan. The LMCIT workers' compensation plan is self-sustaining based on the premiums charged, so that total contributions plus compounded earnings on those contributions will be sufficient to satisfy claims, liabilities and other expenses of the plan. The LMCIT plan participates in the Workers' Compensation Reinsurance Association with coverage of \$1,000,000 per claim for plan year 2017. The amount of any liability in excess of plan assets may be assessed to participating Cities in a method and amount determined by the LMCIT.

#### 6. Fund Equity

Committed fund balances as of December 31, 2017 are as follows:

Committed fund balance:
Library Fund \$497,015

#### 7. Tax Abatement – Pay-As-You-Go Tax Increment

The City may enter into tax abatement agreements as authorized by Minnesota Abatement Laws under State Statutes Sections 469.174 to 469.1794 through a pay-as-you-go tax increment financing program. Any parcel of property in the City could qualify for tax abatement under this program. The City negotiates tax increment financing agreements on an individual basis generally with the purpose of promoting economic development within the City.

The City has made no commitments, other than tax abatement, under the agreements. Under the program, the City agrees to abate real estate taxes based on the increased property value from improvements on the subject property. Generally, the agreements require 95% of the property tax increments collected to be returned to the property owner as reimbursement of certain improvement costs. The remaining 5% is retained by the City for administrative costs.

The City has 4 pay-as-you-go tax increment financing districts. For the year ended December 31, 2017, the City paid tax increments totaling \$116,623 related to these agreements.

#### MINNESOTA LEGAL COMPLIANCE

#### **Independent Auditor's Report**

Honorable Mayor and Members of the City Council

City of Chatfield, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the City of Chatfield, Minnesota, as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the City of Chatfield, Minnesota's basic financial statements, and have issued our report thereon dated March 14, 2018.

The Minnesota Legal Compliance Audit Guide for Cities, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories.

In connection with our audit, nothing came to our attention that caused us to believe that the City of Chatfield, Minnesota failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Cities*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City of Chatfield, Minnesota's noncompliance with the above referenced provisions.

This report is intended solely for the information and use of those charged with governance and management of the City of Chatfield, Minnesota, and the State Auditor and is not intended to be, and should not be, used by anyone other than these specified parties.

Rochester, Minnesota
