Even if they say "flushable,"
disposable wipes will clog pipes

Prevent costly backups and place wipes in trash

Mill & Overlay Project

While the actual start date is not yet known, Public Works Dept. will be completing alley maintenance (Mill & Overlaying) soon. Check out the news article on the city website to see if your alley is Included. If your property is affected by this project and would like some additional work done to a driveway etc. while the contractor is in town, please contact Rochester Sand & Gravel for a quote.

Rochester Sand & Gravel: Office: 507-288-7447 or Website: rochsg.com

Enterprise Drive Commercial Lot Pricing Reduced

Enterprise Drive Southeast has commercial lots for sale and ready for development. These properties are perfect for uses such as construction / trade shops, warehousing, and light manufacturing. Utilities are stubbed into lots and some lots may be combined to support your needs.

Contact Alison Bentley,
Community Development Director
At 507.867.1523 for pricing.

Reminder - Keep Grass Clippings off the Street & other Paved Areas

Stormwater, Drinking water, Lake & Rivers are all connected. Removing grass clippings off the Street and sidewalks is one step in protecting our fresh water.

Grass clippings are not to be deposited on to the city streets. Please help keep our community safe by disposing of grass clippings properly. Grass clippings blown into the roadway can create dangerous conditions for our community, motorcyclist and bicyclists.

How- grass clippings reduce traction by creating a slick surface and it reduces the effectiveness of braking, because of the loss of surface friction.

BENEFITS OF RECYCLING LAWN CLIPPINGS TO THE LAWN

1. Regular mowing will greatly reduce the need to collect clippings.
2. It's best to leave clippings on your lawn as mulch to bring essential nutrients back to your lawn.
3. Adding the organic matter from clippings may help improve your soil if it is sandy or heavy clay.
