I'm really hoping to get a bounce house and going to be doing some carnival canes as well! Also hoping to have cooking outside as well. I have talked with Jacs and they are fine with this. I will be going around to the businesses and letting them know as well. I will ensure that no alcoholic beverages leave Jacs places of dining! I'm making this as family friendly as I can as this benefit is for a 8month old child! This road closer will just make space easier as I'm predicting a pretty big turnout! We will be having a 50/50 raffle and a silent auction! I would also need to close the street an hour before the start Please let me know what I'd need to do to make this possible.
